

Shetland *arts*

August 2007

Hello!

**artfocus 2007**

Many thanks for agreeing to take part in **artfocus** 2007.

This process is a pilot for future years, but its findings will inform Shetland Arts five year Corporate Plan in October, and all our future thinking.

We have three broad areas we'd like your opinion on: support for artists, widening opportunities and building co-operation.

If you can't make any of the focus meetings, please feel free to use the downloadable form on our website, post in a response or email us on [artfocus07@shetlandarts.org](mailto:artfocus07@shetlandarts.org).

Shetland Arts is a young agency, and we have big ambitions. We want to revolutionise our support for artists and widen creative opportunities for everyone in Shetland. **artfocus** 2007 will help us determine priority areas for development.

Please remember that this is not the only opportunity to comment on what we do, or send us your ideas. Please visit [www.shetlandarts.org](http://www.shetlandarts.org) for more contact details, and ways to contribute your ideas.

Once again, thank you for your support.

**Gwilym Gibbons**  
Director  
Shetland Arts
