Welcome to Volunteering!

Thank you for expressing an interest in becoming a Volunteer for Shetland Arts Development Agency.

Shetland Arts run the film and theatre programme at the Garrison Theatre and the exhibitions at Bonhoga Gallery. We promote a year round programme of music, theatre, literature and visual arts and crafts events: Fiddle Frenzy, the Wordplay Book Festival, Screenplay Film Festival and much more. Shetland Arts will manage and own Mareel, Shetland's new music and cinema venue, with an estimated opening date of early 2011.

Shetland Arts delivers arts development activity across a range of art forms, including film, drama, music, literature, dance, visual arts and crafts through a dedicated team of specialist art form officers.

Shetland Arts is a new agency. We believe that creativity is transformative for individuals and whole communities. Volunteering in the arts can bring enjoyment, career development, an opportunity to meet others while supporting the community in which we live.

This pack gives you all you need to get started!

Very best wishes

Gwilym Gibbons
Director
Shetland Arts
