HOW TO TRAIN YOUR DRAGON (PG)

An animated adaptation of the popular children's novel, set in a mythical world of Vikings and wild dragons. Young Viking Hiccup bonds with one of the most dangerous dragons in the land, forming a friendship that could save both species from a much darker threat. Featuring the voices of Gerard Butler, David Tennant and Betty Ferrera.

IRON MAN 2 (12a)

Having outed himself as Iron Man and "privatised world peace", billionaire genius/egomaniac Tony Stark (Robert Downey Jr) is being pressured to hand over his amazing invention to the US military. But even though the suit is killing him, he won't hang up his boots without a fight. Especially when a new nemesis (Mickey Rourke) emerges to give him an almighty shock...

THE GHOST WRITER (15)

Directed by Roman Polanski. Ewan McGregor plays the frayed celebrity hack given the job of writing the memoirs of Blair clone prime minister Adam Lang (Pierce Brosnan). His predecessor died in mysterious circumstances and the new ghost writer is about to find out why. Also starring Kim Cattrall and James Belushi.

DATE NIGHT (15)

Comedy. A case of mistaken identity turns a bored married couple's attempt at a glamorous and romantic evening in Manhattan into something thrilling and dangerous. Steve Carell and Tina Fey play the feckless hubby and wife who blag their way into a restaurant by pretending to be another couple...only for the "other couple" to turn out to be on a mob hit-list.
